**Question 1:** Type the question here.

And the answer here.

**Question 2:** What's the complexity of Selection Sort?

That's easy. It's $\Theta(n^2)$.

**Question 3:** What's the sum of the first $n$ natural numbers. Find the closed formed expression of $\sum_{i=1}^{n} i$.

$$\sum_{i=1}^{n} i = 1 + 2 + \ldots + (n-1) + n = \frac{n(n+1)}{2}$$

**Question 4:** How should I continue using this file?

Modify this file and then run `make` at the command line.
